

Spring 2009  
VIDEO/MULTIMEDIA I

## **BAG, PART 2**

Pick one of the following:

- + Dizzying
- + Sharp
- + Stuttering
- + Meditative
- + Explosive
- + Oozing

Edit the footage shot by the class (feel free to use what your group shot, or the footage of others, or some combination) in such a way that it gives the feeling of the word you picked.

Effects, transitions, speed changes, etc are allowed.

A few other requirements:

- + The piece must be silent; delete the audio from the footage (Modify, Link (uncheck), then select and delete the audio tracks)
- + Between 2-4 minutes long, not counting titles or credits
- + Exported as a Quicktime .mov file
- + Uploaded to the server and ready to watch by the beginning of next class

Next week: Introduction to Processing, a computer programming language for artists and designers
